Tyke

Team Program

2011 Tyke Coach's Message

At the start of training camp in May to our final game in the playoffs, our goal was to repeat as A-Cup Champions. Last year's A-Cup Championship was the first for the Bell Warriors since 1992, the inaugural Tyke season, so defending it would not be an easy task. With 15 players returning from last year's team, we thought we had a good chance to do just that. Once training camp and early season practices were completed, we knew that with the talented new kids as part of the team we could compete for The Championship.

The coaching staff all agreed that the fundamentals were the key to developing a complete team. During each practice, we worked on tackling, blocking, conditioning and handling the ball for all players. We asked a lot of players, to work hard, challenge themselves and listen to what the coaches were teaching. We knew that if we did this, that this team had the talent to be successful.

The defensive coaches put together a defensive plan to use a contain scheme with little blitzing. The scheme was gap contain, be responsible for your gaps, don't get caught with misdirection and do your job. The offensive coaches' plan was to run 4 formations with 3 or 4 running backs all knowing multiple positions. Since no one player is the focus, the defence for the other teams would have difficulty keying on one player.

From our first game to our last game, A-Cup semi final, the boys played their hearts out. We fell short of our goal but that by no means takes away from the effort of the team. Our defence was a force in all games with excellent tackling and pressuring the ball. The offence scored at will in many games with very good blocking while controlling the clock on many drives. Both sides of the ball had a great season, the coaches are very proud of all the players.

We would like to thank all the parents and families for supporting our efforts this year. For entrusting your boys to us so we can introduce and teach them this game we love. Football is the ultimate team sport in that it relies on a commitment and a trust of your teammates. That kind of relationship, trust and friendship is something that we hope the boys will carry forward with them forever and when they look back on their Tyke years, we hope it is with the fondest memories. We hoped that all the boys enjoyed themselves and look forward to them continuing next year in the Bell Warrior organization.

Warriors for life boys!

Coach Brian, Dan, Bas, Scott, Sean, Matt and Geoff

BELL WARRIORS 2011 PLAYER PROFILES

DEFENCE

2 Nicholas "Little Nick" Eisner

Nick showed true heart on and off the field. He was always true to his position, and he seldom missed a tackle. Nick showed no fear or intimidation when it came to hitting kids twice his size. He was a pleasure to coach. Good luck next year in Mosquitos Nick!

4 Christian "Peanut" McElhinney

A first year player, Christian pleasantly surprised all the coaches after the first tackling drill of the season. He is very coachable, and listened intently to instructions and adjustments from the coaches. He played very well for his first year. Good luck next year at Mosquito.

14 Joshua "Happy Feet" Foster

Josh was a bundle of energy who brought a great attitude to every practice and game. Josh would fly around using his sure tackling skills to make tackles all over the field. Our best rookie on defence will be a major force for the Tyke team next year at whatever position he plays. I'm sure he hears the word "*contain*" in his sleep. In the end, he did. Thanks for all your efforts. We will see you next year for another year at Tykes!

#22 Trey Smith "TNT" Smith

Trey has played 3 seasons as a Tyke. He started on the offence and came back to defence. Trey played outside line backer and defensive end where he dominated his opponents. Trey never backed down from a challenge. Trey was part of a great defensive line. He was able to penetrate to get through many offence line players. We wish you the best in Mosquitos Trey!

24 Zack "Wheels" Reid

Zack joined us late after his successful Motorcross season. He was a quick study and always seemed to get better every practice. Zack went from playing 4 plays to a starting position at linebacker. To say he is coachable is an understatement. He had a great range and was a hard hitter. Reid should be a cornerstone on defence next year and is a true pleasure to coach.

26 Brady "How was that Coach" Brohman

This was Brady's 1st year at Tyke. Brady literally changed before our eyes from the Spring to the Fall. His fitness level, foot speed and football abilities improved throughout the year going from a bubble kid to a starter. Brady also handled kick offs and was a pivotal figure in us recovering many onside kicks. Brady worked hard each and every practice, the Tykes are looking for big things from him next year. Thanks for a great season.

32 Justin "The Ghost" Carreau

A second year player, Justin showed his knowledge and passion for the game. Justin was always in or close to the tackle. Justin had the ability to read the play almost before it developed. Justin was always in a good mood and listened to coaching instructions. A season ending injury forced us to readjust our style of defence. Justin was a pleasure to coach. Good luck next year at Mosquito.

34 Max “Anywhere” Johnston

Max is a 2nd year Tyke. He bravely fought thru a painful injury early in the season. Max's ability to play any position, was an essential component for our defense. Max made our defence better. He will be a force at whatever position he plays as a starter next year. He was a true warrior and epitomized what a “*team player*” should be.

36 Cameron "Kamikaze" Walsh

A second year player, Cam always had a smile on his face. He's the only kid I remember laughing, mid-flight, after being bowled off of his feet. That's when he earned his nickname! He stepped up his play when it mattered most. He was always the first one to “*chant on*” the offence. As a veteran defenseman, he was definitely a crazy man. We can never forget Cam's creative thermal jammies for cold weather playoff games. Cam was pleasure to coach. Good Luck in Mosquitos next year Cameron!

44 Kyle “The Hitman” Crabtree

Kyle has played for the Warriors for the past 2 season's moving from defence to offence back to defence. This year Kyle has played at a level that exceeded all expectations. He gave a 110% at every practice and even more at all games. He had the insight to move where ever the ball carrier was. Like a Hitman executed his “*HIT*” on his opponent. He was a leader both on and off the field motivating his teammates. Good Luck at Mosquito Kyle!

64 John “The Machine” Gunn

John started this season playing as a defensive tackle and defensive end. He had a great rookie year. John picked up the systems and played well. John show tremendous focus and discipline which helped him learn the plays. We wish him the best as he moves up to Mosquito next year.

66 Logan “Big Man” Statham

Logan is a 3rd year Tyke and one of our Defensive Captains. His intimidating presence was the anchor on our D-line. Logan excelled all year and came up big in important games with a blocked punt and convert attempts as well as being one of our top tacklers, even many times after being double teamed. The “*Big Man*” fought off injuries this year and was always there when he was needed. Good luck moving up to Mosquito.

74 Trey “The Hammer” O'Brien

Trey started this season on the offence and moved to the defence, where he played defensive tackle and defensive end. Trey showed great strides in learning the defence. He truly showed his Warrior spirit after our second game. He became an unstoppable defensive end, getting many sacks and making some incredible stops. We will expect big things for him next year as he returns for another year at tyke. See you next year Trey!

BELL WARRIORS 2011 PLAYER PROFILES

OFFENCE

#3 Jacob "Energizer" Smith: This is Jacob's first year and he played WR and some WB. Jacob is a very instinctive runner; he has lots of moves and reads holes well. This was evident in a very good TD run he made in one of our games. Jacob has plenty of potential; he has good hands, a willingness to learn and lots of energy, which all votes well for more involved role on Offence next year. We look forward to seeing him next year.

#5 Jacob "Snake" Papalia: Snake is a talented 3rd year Tyke who started on defence and moved to Offence part way through the season. Snake's natural running ability, experience and smarts made it easy for him to adapt to the offence. Snake had an immediate impact; he played QB, TB, FB and SB, making the offence more dynamic by giving the coaches more options for plays. His ability to make key hard runs and good blocks helped either win some close games or break a game wide open. Snake is moving on next year and we know that he will be successful at Mosquito.

#7 Andrew "Ninja" Decarie: This is Andrew's second year and he played WR and FB. As with most second year players, they learn how to play hard and this was the same for Andrew. In the drills, he ran and blocked hard. In the games, we saw the same toughness; his crack blocking freed many good runs by the ball carriers. We look forward to seeing him come back with that same attitude next year, see you then Andrew!

#13 Nolan "Rifleman" Harris: This is Nolan's last year at Tyke and he played QB. From the first day of training camp, the coaches could see that he had a good accurate arm, a good touch and good footwork, making it possible for passing plays. Even though he is our QB, Nolan has a linebacker mentally. This was evident when right before the playoffs, he started to suffer from severe shin splints. Nolan is a Warrior through and through because it did not stop him from playing courageously in the playoffs. The coaches know that he will be successful at the next Level. Good luck Nolan!

#15 Quincy "The Gazelle" Telus: This is Quincy's last year at Tyke he was our starting WB and also played some TB and WR. He has great speed, is the fastest player on the team and blocks very well. Quincy is very bright; he understood the plays and his assignments the first time. Quincy has plenty of potential with all that speed as we saw him starting to us it later in the season, running with more aggressiveness. Quincy is a great kid; he is moving to Mosquito next year, best of luck Quincy!

#17 Jake "Shifty" Miles: Jake is a talented 1st year player who was our starting TB and backup QB for the first half of the season. From the first day of training camp I knew that Jake would be one of our running backs. He is an excellent runner with very good speed, very good vision and a natural cutback style, something that cannot be taught; it is a gift. He is very attentive, very bright and up to any challenge presented to him, all of these will serve him well as he continues to develop as a player. Best of luck at the next level Jake!

#23 Mattia "No Fear" Raspopovic: This is Mattia's first year and he played LG. Mattia has good speed and is fearless and playing LG got a chance to run the "Fumbleruski". If he was not happy with his performance in a drill, he would tell the coach what he did wrong without the coach calling attention to it. He would then ask to go at it again, this time doing it better. We look forward to seeing Mattia back next year so we can use that speed and toughness somewhere else other than OL.

#27 Dakarai “Bulldozer” Baskin: This is D’s first year, another 8 year old who played WB and FB. Dakarai is very tough kid who always practiced hard. D is a strong straight ahead runner with good vision and footwork. So the FB was a natural position for him. Once he learned what was expected of him, his blocking at the point of contact and downfield was very good; so good that he pancaked a few of the opposing team players. Dakarai has a lot of potential so with the first year under his belt we look forward to seeing him again next year.

37 Jordan “Easy” Taylor: This is Jordan’s first year and he played SB and WR. Jordan is a very quiet coachable kid. His very easy demeanour is misleading because once he is put up against the bigger kids in practice, he is not afraid and his toughness shows. Jordan has good speed and runs very instinctively with lots of shifty moves which earned him a TD in one of our games. Jordan has a lot of talent and is back next year so he will have a bigger role with one year under his belt. See you next year, Jordan

#43 Kahi “Doorman” Padmashi: This is Kahi’s second year and he switched from Defence to Offence, RT. The offensive coaches are glad he did because he is very bright and coachable. This is evident in how beautifully he played the position by the end of the season. He opened many holes for the backs and stayed on his blocks as he was taught. Kahi is back for another year, see you in the spring!

#57 Aiden “T-Rex” Desmoreaux: Aiden is another first year player, another 8 year old who played RG. Aiden improved tremendously over the season. He became tougher, learned his blocking assignments and always came to practice ready to work hard. At guard, Aiden got the chance to run the “Fumbleruski”. Aiden is a great kid, very quiet and fearless. We look forward to seeing him next year.

#65 Thomas “Tank” Dulmage: This is Tom’s second year and he played Center and LT. Tom played these two positions interchangeable but when at center, Tom was used mainly for the shotgun, which he executed perfectly. At LT, Tom was as solid as they get, either driving his opponent back or making a nice hole for the ball carrier. There were many times that Tom played banged up, he would only be out for one or two plays which the coaches really appreciated. Tom was also our extra point kicker because he has a very strong leg. In the semi-final game, after a failed attempt, he said, “I was really nervous”. Tom has another year at Tyke and we will start earlier on the extra points so you can overcome the nervousness.

#67 Derek “Rock” Boudreau: This is Derek’s last year at Tyke and he played LT and Center. He became the Center about a third of the way into the season because the exchange between him and the QB was never fumbled. He did a great job with the exchange then also picking up his blocks. Derek really improved this season, so much so that he not only made his blocks against the DL, he also went to the second level after the LBs; beautiful stuff. I know that Derek wanted to run the “Fumbleruski” but he was to valuable at C for us to play him at G. Derek is moving to Mosquito next year and we wish him all the best.

#75 Jack “Hands” Johnston: This is Jack’s first year and he played LG and TE. It took Jack the first part of the season to start to learn LG position but once he did, he played it very strongly. Being the LG, Jack got a chance to run the “Fumbleruski” and scored extra points a couple of times. Jack also has great hands. He caught whatever pass came his way. Since Jack catches everything, we introduced a TE pass for the playoff run. Jack is moving onto Mosquito next year, hopefully the coaches will use him as a TE. Good luck Jack!
