

**Overview of Community Involvement** Tim Sheahan has been a committed volunteer to the Bell Warriors Football Club for the past 8 years and Director on our Executive for the past 4. This year the Warriors are celebrating our 60th year of mentoring youth in our community with football. In Tim's time as a coach and head coach with the Warriors, he has been key in many city-wide championships but more importantly, Tim has given selflessly to "Everything Warriors".

He's been key contributor and organizer to providing our yearly city-wide winter football clinics and special events which have incorporated CIS players, coaches and CFL players & alumni to foster a passion for football in Ottawa's young players. During the regular season, aside from the countless hours of playbook preparation and planning, Tim annually commits more than 60 nights from 6-9:00 p.m. to coach our players. 10 weekends each fall, he has also given up his Saturdays and Sundays for our game days. He additionally is a key organizer of our teams' equipment needs, distribution, purchasing and maintenance. This is of fundamental importance to our club because amongst our prime objectives is to put player safety first. Currently, in addition to his roles outlined above, Tim has been working with City officials to secure a permanent home for the Warriors.

The Bell Warriors strive to create a positive, encouraging, instructive and safe learning environment. We work to instill confidence, competence and pride in our youth while rewarding those that learn the value of hard-work by working hard. Ultimately we aspire to graduate athletes that succeed as supportive and respectful community-based leaders. Tim's selfless dedication to these admirable goals and contagious enthusiasm has been nothing short of inspiring.

A salesman by trade, we are sure Tim must be an expert at closing the sale because he is absolutely phenomenal at inspiring our youth to believe in themselves. They quickly learn to embrace his passion for life. It is no wonder that year after year Tim is able to be part of so many teams that excel together. He is the ultimate community volunteer.
